ABOUT ME:

I'm a third year student at UKEN in Cracow and my goal is to become a web developer. I'm most familiar with HTML, CSS and JavaScript, but I'm eager to learn and dive into more technologies to expand my knowledge and gain practical experience, which is why I'm looking for an internship.

EDUCATION:

Uniwersytet Komisji Edukacji Narodowej w Krakowie

My Studies in Computer Science provided me with skills in programming, system architecture, security, web development and database management.

2021 - present

XIII Liceum Ogólnokształcące im. Bohaterów Westerplatte w Krakowie

During high school, I was in a mathematical and computer science focused program where I developed a strong foundation in mathematics and acquired basic programming skills, which I further refined during my university studies.

2017 – 2020

WORK EXPERIENCE:

Receptionist at Centrum Sportu i Rekreacji Przystań na Eisenberga

As a Receptionist, I worked closely with other team members to coordinate schedules, efficiently handle customer needs, and maintain a welcoming atmosphere for visitors.

2022 - 2024

BWS: Technical Crews for Events

As part of the event support crew, my role involved assisting technicians in the setup and transportation of equipment for events such as concerts held at stadiums or arenas.

2019 - 2020
